

Review #24973142 “BUSSELTON FOREST HOLIDAY MANSION ”

Absolutely Incredible haven from the hustle & bustle!

We recently stayed for an extended family gathering to celebrate my husbands 60th. Right from the get go Suzanne & Lauren were incredibly friendly & helpful in organising our stay for our family & each persons comfort was paramount. We arrived to beautifully clean & well presented facilities. The beds were extremely comfortable. The staff went over & above to help with anything needed while not getting in the way. Each room had its own en-suite so no queuing for bathrooms. A real plus for such a big group! Being aged from 18-85, we had various interests, so the swimming pool, spa, pool table or just sitting quietly gave options that satisfied everyone. The town was an easy 10 mins drive for anything forgotten. It was such a memorable time & we would definitely consider returning & recommend it to others.
